Systemtekst:	ASUS VW193DR 19" 5ms Black
Producent:	Asus
Producent varenummer:	90LM311015R0001C-
Beskrivelse:	ASUS VW193DR 19" 5ms Black 300 cd/m2 50.000:1

Brighter colors and wider viewing with VW193DR widescreen LCD monitors. Splendid Video Intelligence Technology is built upon a color engine that automatically analyzes and determines the nature of the user's current task, thereafter adjusting the display's parameters accordingly to ensure the best possible color and image fidelity. With the five preset modes (Standard, Game, Scenery, Night View and Theater) of Splendid Video Intelligence Technology, you will enjoy optimized colors for various multimedia entertainment scenarios. Standard Mode allows you to view documents and browse websites comfortably with optimized colors and contrast. Game mode adaptively brings up dark, hard-to-see areas while leaving the well-lit areas untouched - allowing you to see your enemies lurking in dark corners without washing out the colors as a whole. Theater mode simulates a theater experience by enhancing the contrast and color saturation of the image - delivering livelier and vivid visuals for greater immersion. Scenery mode increases the brightness range and contrast gradations and selectively tweaks the color saturation of key elements such as blue skies and green fields to make for more captivating land and seascapes. Night View mode breathes the beauty back into night vistas by smartly raising the Y-Luminance signal to highlight poorly-lit details - capturing the scene's beauty in crisp and vibrant fashion. Select between natural, reddish and yellowish skin tone presets for more natural-looking human subjects on screen.

Generelt

Skærmtype	LCD display / TFT aktiv matriks
Bredde	36.4 cm
Dybde	21 cm
Højde	44.4 cm
Vægt	4.3 kg
Fås i farverne	Sort

Billedskærm

Diagonal størrelse	19" - widescreen
Dot pitch / pixel pitch	0.285 mm
Maks. opløsning	1440 x 900
Farve support	16,7 millioner farver
Maks. synkroniseringshastighed (V x H)	76 Hz x 82 kHz
Responstid	5 ms
Indstillinger / justeringer	Klarhed, kontrast, farvetemperatur
Display Positions Indstillinger	Tilt
Tiltvinkel	25
Signal Input	VGA
Egenskaber	ASUS Splendid Video Intelligence Technology, blændfri, Skin-Tone Selection, ASUS Smart Contrast Ratio (ASCR), ASUS Splendid Video Preset Mode, 72% NTSC farveområde

Billed

Billedformatforhold	16:10
Billedklarhed	300 cd/m2
Billedkontrastforhold	1000:1 / 50000:1 (dynamisk)
Maks. synsvinkel af billed	

(horisontal)	170
Maks. synsvinkel af billed (vertikal)	160
Ekspansion / Konnektivitet	
Interface	1 x VGA - 15-pin HD D-Sub (HD-15)
Diverse	
Medfølgende ledninger	1 x VGA-kabel
Standardmontering af fladt panel	100 x 100 mm
Egenskaber	Slot sikkerhedslås (kabel lås sælges separat), til vægmontering, tiltjustering, kabelorganisator
Overensstemmelsesstandarder	TCO '03, CE, UL, VCCI, C-Tick, BSMI, cUL, ISO 13406-2, WHQL, CB, CCC, PSB, EK, FCC, RoHS, PSE Mark, GOST-R
Effekt	
Strømforbrug ved drift	42 Watt
Strømforbrug stand-by/sov	2 Watt
Miljømæssige standarder	
ENERGY STAR kvalificeret	Ja
Producentgaranti	
Service & Support	3 års garanti
Detaljer om service & support	Begrænset garanti - 3 år Begrænset garanti - LCD-panel - 3 år
