

INTRODUCTION

AU-001 IP Network Horn Speaker is an outdoor speaker providing long range voice alarm to warn the intruders who can be detected and triggered by smart VCA. It is also compatible with VAST2 for all the functionalities.

The loudspeaker has a high sound with a sensitivity of 104 dB. The AU-001 can be placed anywhere, enabling a flexible, scalable and cost-effective approach to system design. It is easy to install with built-in PoE (Power over Ethernet).
